## Why you should get your hands on a MAGNUM™

High Performance Software now **demands a more powerful joystick.** The **Magnum** delivers all the POWER you can use!

With a radical new approach to joystick design – The **Magnum** abandons "old fashioned and slow switching techniques" used by conventional joysticks and replaces them with **High Speed Electronics.**

Engineered in Europe by MASTERTRONIC, The **Magnum's** revolutionary blend of **advanced ERGONOMIC STYLING** & Innovative Electronic Design **leaves all other joysticks in the Stone Age.**

**Check The Magnum's** advanced specification against any other joystick and then you'll see why!
